2. For all future track points nights scheduled for the season, heats are lined up by driver's two-event point average, stagger inverted, lowest point average to front, highest point average to rear. Point averages are figured by driver's average points earned in driver's two most recent appearances in weekly points events at the track. New drivers carrying no point average start at the rear. Two or more drivers having no average or same point average will be lined up at discretion of officials.

3. "B" mains are lined up straight up from heats with highest finishers to front.

SECTION 7 - MISCELLANEOUS

SPORTSMANSHIP - Micro Sprint car racing is a very emotional sport. As such, good sportsmanship is the key element of any competitive racing program. This must include respect for all participants – drivers, owners, pit crews, and officials. For our part, we will make every effort to be consistent with our rules regardless of whom or what is involved. We will treat all participants with respect and expect similar treatment in return. A racer's pit area is his territory – therefore please stay out of other racer's pit areas, especially after an incident where you have been involved with that racer. Drivers – remember that you are responsible for the actions of your crews. Any offending parties will be fined appropriately, and disciplinary actions will be initiated as deemed necessary.
